# QUALITY STATEMENT

“We acknowledge the importance of adopting and implementing effective Quality Assurance (QA) and Quality Control (QC) system into our operation System”

**TAWREED** is committed to comply in its operation all the requirements of the quality management system in order to continuously improve its deliverables and therefore, meet the customer expectations.

# SAFETY POLICY & PRACTICES

**TAWREED** is dedicated to safety for both personnel and work environment. **TAWREED** safety commitment is maintained through number of procedures that are adopted by the company management/Staff. Some of those measures are: Safety education and proper motivation, which are used as guiding policy for the enforcement and implementation of the company's safety and loss prevention program. The program is designed to ensure none of its procedures of work would expose any employee or other parties to hazards.

The company's attitude and dedicated endeavor for safety of its employees have always resulted in the elimination of serious & fatal accidents. Safety awareness and safety education, training and right motivation are the secrets to the company's attainment of "Zero" accident record. ATT also applies periodical cross checking system at site to ensure that all safety measures are being followed properly and strictly
